ATTEND **PITCH** the **PRO's**

With the lack of shows and added challenges from the pandemic impacting travel and customer visits, *Soundings Trade Only* is offering marine professionals a new, informative, fun and easy way to learn about the latest products and services entering the marine market in 2021.

We invite you to the **Pitch the Pro's** event, a free online, one-hour lunch 'n' learn event, a round-robin of the latest new products, technologies and innovations entering the marine marketplace in the spring of 2021. Each manufacturer will have 5-minutes to present their new products to marine trade professionals. It is a zoom webinar with ten companies presenting per session. Each company will also share product collateral and/or links that will be available for download while the company is presenting. *Soundings Trade Only* will also send all registered attendees a schedule of leading companies presenting each day and their contact information. Post event, videos of the pitches will be available on the Trade Only website for your review.
